

MODERN DAY SLAVERY ACT 2015 POLICY STATEMENT

J. Coffey Construction Limited (Company Registration No. 2937886) recognises that slavery and human trafficking remains a hidden blight on our global society. The aim of the Company is to identify our responsibility by alerting staff to the risks, however small, in our business and in the wider supply chain. Staff are expected and encouraged to report concerns to management, where they are expected to act upon them.

Company activities are varied through multiple disciplined areas such as: Structural Alterations, Sub & Superstructure works, Concrete & Builders work packages, Main Contracting and works on Infrastructure.

We are committed to ensuring that there is no known Modern-Day slavery or human trafficking in our supply chains or parts of our business. Our Modern-Day Slavery Policy Statement reflects our commitment to acting ethically and with integrity in all our business relationships and to implementing and enforcing effective systems and controls to ensure slavery and human trafficking is not taking place. To further enhance our commitment and transparency we are 'B' members with SEDEX and have encouraged our supply chain to take up membership as well. Other associated policies we employ are our Equal Opportunities, Diversity & Inclusion (EDI) Policy Statement, Ethical Policy Statement & Industrial Relations Policy Statement.

This Policy considers, and supports, the policies, procedures and requirements documented in our Integrated Management System, compliant with the requirements of ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018.

The implementation and operation of this management system underlines our commitment to this policy statement. Formal procedures concerning slavery and human trafficking have been established, including disciplinary procedures where they are breached. Additional procedures ensure that this policy is understood and communicated to all levels of the company, and that it is regularly reviewed by the Directors to ensure its continuing suitability and relevance to the company activities

The Company has achieved these aims by our initiative to identify and mitigate risk in the following ways (but not limited to): -

- Training staff and making them aware of the issues associated with Modern Day Slavery by way of a presentation/company induction and by Toolbox Talks and poster display on site notice boards.
- Cooperation with external party Modern Day Slavery audits.
- Stringent vetting of our supply chain using comprehensive PQQ's to review compliance to MDS policy statement prior to engagement of service provision.
- Increased auditing of our labour supply chain.
- Continually auditing & reviewing our practices for checking all employees are paid at least the minimum wage and have the right to work.
- Investment in Document Validation Technology (IDVT) software.
- Maintaining our SEDEX B membership
- Maintaining our full membership to TISC Report
- Remain registered with the GLAA and having our logo applied to the GLAA Construction Protocol

- Production of a 'Right to Work Policy' Statement

To ensure a high level of understanding of the risks of modern slavery and human trafficking in our supply chains and our business, we have provided training to relevant members of staff and all Directors have been briefed on the subject.

We use the following indicators to measure how effective we have been to ensure that slavery and human trafficking is not taking place in any part of our business or supply chains:

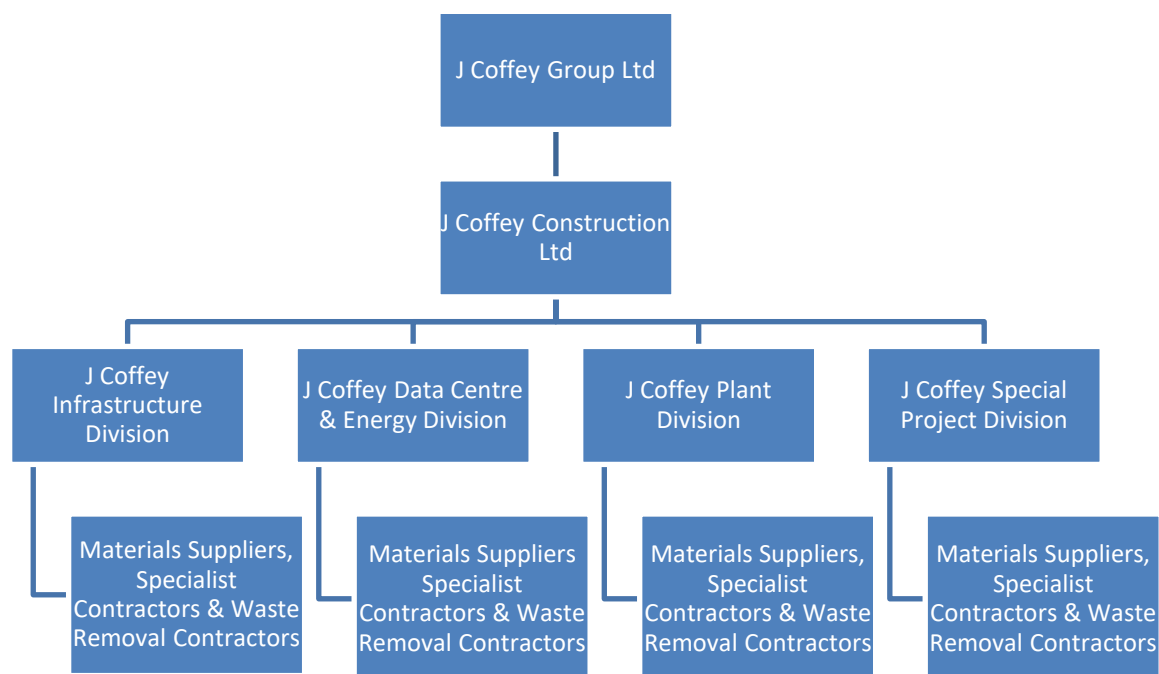

- Completion of modern slavery audits.
- Use of labour monitoring and payroll systems.

This policy is in accordance with Section 54 of the Modern Slavery Act 2015 and constitutes our group's slavery and human trafficking statement and is approved by the Board of Directors.

For transparency the company will publish the Modern-Day Slavery & Trafficking Act 2015 Policy Statement on its website for the public, consumers, employees, NGOs or investors to view.
